OVERVIEW

FishCORAL will address key issues that contribute to the high incidence of poverty among fishermen through sustainable management of the coastal and fisheries resources and implementation of community-based enterprises in the 1,098 communities of the target 11 bays/gulfs.

GOAL

To contribute to a reduced incidence of poverty in the covered coastal communities.

OBJECTIVE

Coastal communities sustainably manage their fishery and coastal resources and increase income from fishery-based livelihood activities among target areas.

TARGETS

- Poverty reduction:
Decrease by at least 5% from baseline of 42% (mean poverty incidence).
At least 11% increase of the annual income of the participating community households
By end of the Project, employment of women engaged in income generating activities increased to 40% from baseline of 20%.
