In the Cordillera Administrative Region (CAR), vulnerable communities are empowered through various projects and activities aimed at adapting to and mitigating the impacts of climate change, as well as reducing disaster risks. These initiatives are implemented by the Department of Social Welfare and Development (DSWD) Field Office CAR through the Cash for Work (CFW) modality, which provides both financial support and opportunities for community participation in resilience-building efforts.

One of the flagship programs under this approach is the Risk Resiliency Program Climate Change Adaptation and Mitigation Disaster Risk Reduction (RRP CCAM DRR).
